Dear Ulster County Clerk members,

Thank you for inviting our class to the Archive Gallery. I enjoyed the questions. Ulster County is special because it has the Hudson river in it, the senate house is here and battles of the American revolution happened here. people come to Ulster to see the sights and take hikes they also come because of education and to see nature. History is important because without it nothing would have happened.

members;

Ulster County is special and worth to know
because of nature. We farm, hike, and
even history provides evidence; and we shall farm
did it, lots of things happen on water, too.

Dear Ulster County Clerk
members;

I just realized why
Ulster County is important
by going to the Ulster
County Clerk. I learned
that Ulster County has
a lot of water and
jobs for people. I think
it has a lot of
opportunities. I think
it also has a lot
of history. If we
didn't have history we
wouldn't have a good
education.

Dear Ulster County Clerk members,

I enjoyed doing the Ulster County this year. In my opinion what makes Ulster County special is all the sites to see and all the great places to go. I think what make people want to come here is the religious freedom people don't have in other countries and continents. History is important because without it this letter wouldn't even be important.

Sincerely,

Dear Ulster County Clerk
Members:

The thing that makes Ulster
County special is the Natural
Resources.

The thing that makes people
want to come to UC is good
education.

History is important because
if you did not know GW or
the Revolutionary War because
he was in it and if you don't
know it then you would not know
who the first president or who
won the wars you would not
even know the names of the
wars. That is what would happen
if you did not know history.

Sincerely,
Austin N.

Dear Ulster County clerk members,

I thank you for have my class observe the other Ulster County poster at the Ulster County Clerk, McJannet, gallery.

I realized that by looking at the posters, Ulster County is special for its kind communities, colorful scenery, and sites to see. That's why people want to come to Ulster County. Ulster is also special for that exact reason. History in Ulster County is important because without history, you wouldn't know much about the area you're moving into.

Dear Ulster County Clerk members,

Ulster County is very special. You know why? All of the sights, nature, and animals. That makes it special. This also makes it so people want to come to Ulster County! Do you know why history is important? I sure do. Well without history there would be no big bang, and no big bang means no earth, and no earth means no us! History is memory and past!

Dear Ulster County Clerk Members:

I loved going there, all the portraits were amazing! What makes Ulster County special are it's beautiful scenery, many historical sites, all the events, the things you can do, and all the opportunities. What makes people want to live here is all the job opportunities, events, scenery, community, and the history. History is important because if we didn't have history we probably wouldn't have memories, or even yesterday. Also because you would lose one reason of living in that community. I learned all of that at the Ulster County Clerk's office. It was really enjoyable.

Dear Ulster County Clerk members,

Ulster County is special because it is rich in culture, nature, and attractions. People want to come to Ulster County because of this, and because it is a pleasant area by the Hudson River with cities nearby for jobs. It is also rich in history. History is important because history is an explanation to why things are what they are, and answers history is memory, history is all that ever was! That is why Ulster County is not just another county, Ulster County is important.

Dear Ulster County Clerk Members,
Ulster County is special because it has
so many backgrounds like how we
have a bridge that has a roof.
Ulster County needs to offer lower
taxes bigger funds for less not as
much air, water and land pollution.
History does matter because you
wouldn't know who George Washington
is.

Sincerely
Austin B.

Dear Ulster County Clerk Members,
Ulster County is special because we have lots of nice people around us. We need good farming land, natural resources, and good people. I also like history. It matters because otherwise we wouldn't be born and we wouldn't know who is president.

Dear Ulster county clerk members,
I thank you for using your
time to talk with us. Besides
ours, my favorite poster is the
one by St. Mary of the Snow
School in Saugerties. There are
a lot of things that make
Ulster County special like the
events, as in the Ulster county
fair. There a lot of things
Ulster county has that wants
them to move here like
education with all the
sites. History matters because
you may find something one
day that belonged to George
Washington, which would be
worth \$1,000,000 and you
would just throw it
away.

Ulster COUNTY is
Great!

Sincerely,
Jenny

Dear Ulster County Clerkmenber

My class and I answered all my questions the questions were number 1 is why is history important? history is important because if we didnt know history we would not know anything about George Washington and who were the presidents.

Question 2 was what makes Ulster County special? What makes Ulster County special is the amazing view and the history of some history.

What does Ulster County need to offer in order for people to move into Ulster County? I think it might need a better education and stop closing schools.

Kincerely

Dear Wister County Clerk members
Wister County is special because of
the things you can do and see.

Wister County needs needs to offer
further sites and results.

History matters because without
history we would not know about
a lot of stuff and things that
happened in the past and promise
to self in the future.

Dear Ulster County Clerk Members

I thank you for giving us your time for us. We were talking about 3 different questions: What makes Ulster County special, What does Ulster County need to offer in order for people to move in and remain in Ulster County, and does history matter? My answers to those questions are that Ulster County is special because of all the nice people it has to offer, Ulster County needs more parks, and without history we would not know any languages.

Sincerely,

Ulster County is special
