

# GYSBERT'S INVENTORY:

## Exhibit Scavenger Hunt

Gysbert Van Imbroch was the first resident of what is now known as the Matthew Persen House Museum. An inventory listing Gysbert's possessions at the time of his death in 1665 is brought to life in this exhibit through illustrations of clothing, kitchen items, books, medical supplies and other articles used in his 17th century daily life.

Visit the exhibit on the second floor of the museum and use the information you learn to find all the items in the scavenger hunt.
